## ASTROLOGY

### LIBRA FULL MOON-APRIL 10

When the Full Moon occurs at 21 degrees 32 minutes Libra/Aries a grand cross is formed, involving eight planetary bodies in the middle degrees of the cardinal signs. The Sun cojoins Uranus and the dwarf planet Eris to shine new light as spring moves into full swing. This volatile threesome opposes the Moon and Jupiter, conjunct in Libra. There will continue to be more and more revelations at the White House and in the political scene around the world. Pluto and the asteroid Juno square this opposition from Capricorn, putting a weighty hand on the tendency to issue new laws without consideration. Vesta in Cancer completes the grand square and brings an element of compassion and sensitivity to the mix. The callous and the conflicted will not run rough shod over the conscientious as the planets are pointing to places where the lower vibrations have been holding sway. The cardinal signs are about leadership and forming a framework for how business, politics and policy-making can be changed and /or improved. These aspects demand a closer scrutiny by the public of everything that is coming out of Washington at this time. This isn’t just opinions of right and wrong, as much as it is, how does it follow the laws for good? The scales of justice always give a number of ways to overcome limits and change the direction or course of action.

Saturn in Sagittarius is trine the Sun/Uranus conjunction in Aries and sextile the Moon/Jupiter in Libra, indicating that we can move with proven principles and the strength of our ideals to guide us.

Mars and Ceres make an exact conjunction in Taurus to trine Pluto/Juno and sextile Vesta, reminding us that patience and remaining steady, as well as, being considerate and compassionate of others are keys to moving through the challenges that arise. Developments around the time of this Full Moon may directly relate to events that were set in motion by the grand cross that occurred at the solar eclipse on February 26.

Chiron is within one degree of retrograde Venus in Pisces at the time of this Full Moon, reminding us that healing is much more attainable when there is trust, surrender and a willingness to let go of control. Venus, nearing the end of its retrograde adds power to this conjunction with Chiron. As we tap into the depths of love that exist within us, many of the issues that have arisen in relationships can be resolved.

The planets rare directing the heavenly energies to open our eyes and clear our old judgments so that we can bring greater peace and stability into our own personal lives as well as, allowing us to experience compassionate objectivity amidst all of the revelations that are coming about so quickly now.

We are beings of the physical, mental and emotional realms. We are being shown that as spirit blends all that we have known ourselves to be with a greater scope of cosmic awareness we can have an overview of who we are, who we are becoming and how we can make the Earth the new Eden.

Last year we had the honor of seeing a herd of Elk migrating through the Lander Valley. This year the Elk seem to have taken up residence in the foothills going from our house into town.

## TAURUS NEW MOON-APRIL 26

The New Moon occurs in Taurus in the predawn hours of April 26th, just as Uranus and Mercury are moving to cojoin in Aries. Uranus, represents higher mind and Mercury is the symbol of the lower mind which together can inspire some unusual and intriguing insights during this New Moon phase. Due to Mercury's retrograde on April 9<sup>th</sup>, the process of integrating the profound discoveries we may find is slowed down so that the seeds that are being planted can take root. Both Mercury and Uranus are closely trine to Saturn which lends stability and longevity to the ideas that we are encountering.

We will be experiencing the highest and the lowest during this time. The creative future descends into the deepest chaos. An old order is never open to a new Revelation until it has accepted disorder. Love is not a fighter and the old ways have only found solutions in anger and battle. As Love emerges the power of the old ways begin to disintegrate and the New Order arises from the ashes of what was. A new quality of being is revealed which renders the old patterns obsolete.

There is focus on relationships in this new Lunar cycle. Venus, the ruler of this Taurus New Moon, is conjunct Chiron in Pisces, offering healing if we are willing to forgive the past and move beyond the Illusion of victimization. Pluto is conjoined with Juno in Capricorn, suggesting that we reconsider our commitments so that they are better aligned with our current requirements. Conjunctions represent the ending of a cycle and the opening for new beginnings. There are multiple co-joinings at this New Moon that affirm our shifts into more than one area of our lives.

This New Moon phase emphasizes the importance of communication, especially with those that we love and care for. Commitments are not made lightly now as they will have a continuing impact on the weeks to come.

The month ends with the second of three Saturn-Chiron squares, an aspect that first occurred on December 28, 2016. This reveals a much bigger picture that exposes conflicts between societies old,

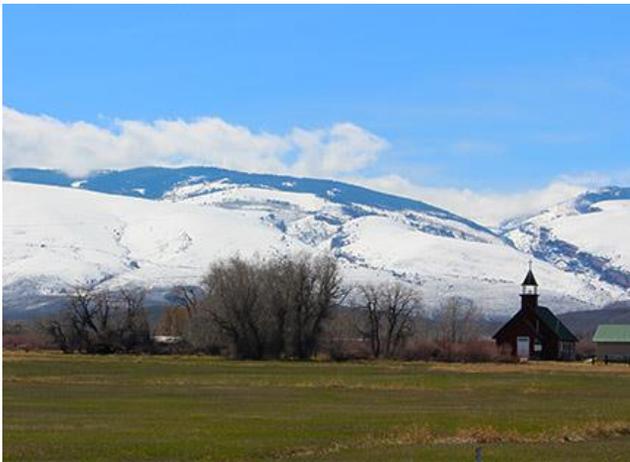

limiting beliefs and the potent insights that are emerging to bring far more enlightened qualities of compassion, selflessness, and humility to encourage deep levels of healing of old wounds. To use the energies of this square we are challenged to come up over our own judgments and biases, the first step to global Oneness.

The finite mind chases to cling to the belief that only by war can we “win”. The idea of global unity and interdependence keeps being pushed out into the future as the EGO scoffs at such changes ever happening. Each mind will require surrender to the essence of spirit that is now moving to bring healing to the world. The energies of the current Lunation bring another quantum leap into Oneness, unity and interdependence.

Here is the Shoshoni Mission. It is still in use.

It would appear that these teepees are for ritual use, but someone may actually live there. Makes for a very cold winter.

### QUOTES FOR THE MONTH from St. Germain

Anger and fear take power away from all. No one is excluded. Love fills the heart, the Soul, the mind and all empty places in the life. –St. Germain

If you believe, you wait for something outside of you to happen. If you trust, you dare to take the next step into life. –St. Germain

Faith is a key to all things. It assures the way without revealing the outcome, for only you, Beloved Master know the true path which lies within. --St. Germain

If one seeks to destroy their enemies, they also destroy themselves for all are One. If one allows the Love for self, God, nature and all of humanity that lies deep within, then destruction is only a shadow of the Illusion. –St. Germain

### ST. GERMAIN'S MESSAGE

Dearly Beloved Masters, Truth is not a logic problem that the mind can figure out. Truth is an energy of Divine essence and it was not designed to deceive. When a Truth is spoken in a private conversation or before thousands the Soul responds to the resonance of the words. It may not take the EGO mind long to begin to stir doubt, but Truth stands inviolate.

The EGO operates by creating confusion. It draws the mind this way and then distracts attention and pulls the mind in another direction. The EGO loves debate, dissension and conflict and will throw out falsehoods just for entertainment to watch other EGOS fight over what is “right”.

**THESE ARE TIMES OF TESTING, TRYING OF THE SOUL.** Are you listening within or is your focus on outward diversions? Truth is not a war game to keep the energy so agitated that no one finds peace. Truth gives comfort rather than causing fear, pain and suffering. Truth does not raise a flag of battle, but seeks to restore clarity and courage. You are called to live yourself true which requires no defense.

The EGO is like a *magician* who is practicing deception, rather than a Magician who lives by the Ancient Magik which is the power of creation in its highest form. The *magician* says “Watch this hand, but do not seek to see what I am doing with the other hand”. Each and every human being on earth is being called to pay very close attention to what is happening right before you. Your physical eyes may not see it and your physical ears, that have been tuned to only hear the sound of the words of another rather than the intensions also, may deny what has been said. When you listen deep within yourself to hear the inner voice of peace, clarity and calm, you will find understanding that is not available in the physical world at this time. Words are being spoken, in the physical world, to cause suspicion and doubt, to set people all over the world against one another in this time when Truth is

sending internal messages of unity, oneness, Love without a condition and the requirement to draw closer and feel the trust from within.

The Book of Revelations has been interpreted by the EGO mind and the predictions are of horror, desolation and divisiveness. Revelation is opening the inner eyes and ears of all as they are willing and the beauty, delight and new power that belongs to all is made clear to those who are willing to feel within and look beyond the illusions of what was.

Because this has been a planet of warriors for so long it takes great strength and courage to overcome the lure of a battle even if there is the feeling that “this battle will not be won by destruction”. Teachings of thousands of years of separation are that “there are enemies” and defense is required in order to “keep what is ours”. **DEARLY BELOVED MASTERS, LET I REMIND YOU THAT THERE IS NOTHING THAT ANY HAVE THAT DID NOT COME BY THE GRACE OF GOD IN BLESSINGS OF LOVE.** There is so much MORE, if the willingness to allow new awareness is brought forth.

The old order has been invested in telling the people that “we have your best interest at heart” and like children the people have trusted without any consideration (Does what you are hearing feel good or just sound like something you might want? Does your inner self recognize the feel of truth or are you deceiving yourself because you need to get what you want?) Now everyone is being called to listen, not to the voices outside alone, but to the feelings within that may hold questions about what is really happening, rather than just what is being said. **LISTEN TO YOUR HEART AND HEAR THE CLARITY OF YOUR SOUL.** Appearances are not all that they would seem. When someone must tell you that they are good and have others say, “Do not listen to what this person is saying”, but *assume* that there is goodness even though the words have a ring of bitterness and a cold heart. Pay close attention to your own inner knowing rather than just accepting that what you are being told is true.

We assure you, Beloved Masters, that God does not give with one hand and take even more away with the other. One of the most important things to remember is that if you ask, God will surely answer, but if you ask in doubt then that doubt will influence what you can accept, how much you will receive. The most important thing to understand in these times is that the energy of how life functions is changing moment by

moment, hour by hour and nothing is what it once was, even if the patterns seem old and familiar. The Illusion has turned humanity in upon itself and created loneliness and paranoia. The healing that allows the remembrance of oneness and unity is opening like a flower with in all and each Master is being opened to that flow of loving harmony as they are willing to forgive mistrust and fear.

**PAY ATTENTION TO WHAT IS HAPPENING RIGHT NOW.** Forgive living in the future with a hope that someday things will improve. There is *NO there*. All is now. Money is not the goal! The goal is the right to live life joyously in good health and plenty. The EGO says, “But without money those things cannot happen”. When your focus is on allowing plenty into your life **NOW** things begin to change in positive ways, not always instantly, but progressively.

When you allow yourself to feel successful and that becomes your direction in life success must come because where you put your focus attracts what you are focusing on. The EGO mind will say “how can I feel successful when nothing is working the way I want it to”? The recognition of how success feels lies within and requires your attention in order to magnetize the flow of success into your life.

Wanting success, but constantly explaining to anyone who will listen that you cannot find success or have it, dams the flow of abundance from streaming into your life and affairs. Claiming to want something and yet denying that you can have it simply neutralizes the positive desires with negative affirmations. The Illusion has taught a deep seated fear of accepting “too much” good because punishment might be brought against you if you accept God’s gifts. Some people will defiantly prosper, but feel that they must always be looking over their shoulder because there could be retribution at any moment, so they are never completely willing to trust that they deserve the very best God can offer.

The EGO keeps telling the population, if things are not happening where you live, they are none of your concern. The EGO mind says, “If I have a job why should I be concerned about those who do not.” The EGO focuses on “what we have and how to stop *them* from taking it”. Masters focus on interdependence and how all can benefit from sharing. Everyone prospers from sharing. When the sharing stops only a few appear to do well and soon even they will have less and less. **WHEN YOU SHUT OFF THE FLOW TO PREVENT OTHERS FROM HAVING ENOUGH THE FLOW DECREASES FOR ALL**

**UNTIL NO ONE CAN FARE WELL.** Karma is a Divine law of balance. When the Balance is disturbed Karma moves into effect. In the past, the balance has been upset, but the Illusion slowed down the process so that it was not immediately recognized. Time is moving faster and Revelation is exposing things that have been hidden for eons of time. Those who have sought to further the Illusion are being revealed for what they are doing so quickly that the EGO cannot come up with enough smoke and shadows to cover the mistruths and misconceptions that are appearing everywhere. The EGO then says, “Where can we look for the Truth?” **WITHIN, BELOVED MASTERS, WITHIN!!!** It takes courage to stop supporting old values just because they have been there for so long. It takes strength of character and integrity to look beyond the veils of illusion and discover that the Truth waits within you. **THE TRUTH IS NEVER Destructive. IT NEVER ADVISES SUFFERING FOR ANYONE.** Truth reveals a clear, shining path that leads to levels of understanding that have been hidden within throughout the Illusion.

Every time you follow old ideas there is always a slight change, because you never do the same thing twice. For a person or people to return to the ways of the past because they prospered a few and held the many hostage cannot have the same outcome in the changes that Revelation is bringing. A prayer that says, “God, bring me the best and punish my enemies” is a prayer of the Illusion. As the Soul brings remembrance of the Truth of Ancient times the wonderful clarity that all are deserved, all are God’s creation and all are equal is moving into place. Why does it appear that there is no equality on Earth? **FREE WILL!** Every person has a right to choice and even if the choices are painful and negative they are considered without judgment in the realms of spirit.

Dearly Beloved Masters, forgiving allowing the agreement with cruelty and abuse as a necessity. The hearts of many have been hardened in the intensity of separation, but making others suffer does not ease the pain or heal the wounds of what has been. As you dare to feel Love within yourself for yourself you will find more and greater Love for the whole. To move to the remembrance of life where all are cherished, admired and encouraged by the whole, where wounds are not punished by wounding, where the unwillingness to make positive changes requires education, not just of the mind, but of the spiritual awareness. To heal within so that if there is not agreement there can be respect and a desire to further the highest good of the whole. The EGO shouts “too good to be true”!! There is a tendency to pull away from ideas that require

forward motion, yet it is necessary to advance into higher consciousness and feel the deep recognition of life that is worthy of being lived well. This is a Sacred Art that was given to each Soul in the beginning and has been hidden away because if the memory was easily available this game of Illusion would have ended quickly. Now, that which has been hidden is being Revealed to all who are willing to see. It is not denied to some or given only to a few. It is for all to see/feel, hear/feel and allow to fulfill their lives according to the highest good for all. No human can decide how much good others can have. Greed has blinded the minds and hearts of those who feel so left out that they must take from others what is not theirs to take. Whether it is the thief on the streets or the leaders in high places, taking what does not belong to you is misuse of energy and Karma will move quickly as the Time/Space continuum is shifting. This is not the old threats of Illusion or the Patriarchy, this is a sacred balance to bring Earth into the new millennium. This is the quantum movement of things that are far greater than the finite mind can comprehend. The judgments of the laws of man have become progressively biased by minds that are more interested in winning at all cost, than seeing balance. When the mind is clouded by preconceived decisions some are punished that are innocent and some are dismissed that have brought great pain. We assure humanity that these are the times when laws beyond the Earth will bring justice to all as the Founding Fathers of America dreamed of. I have seen the vision of where America can go. I saw it before the men who created the original government brought it together. There are now things that are taking place that must run their course. It is up to each and every blessed being on earth to seek to hold the highest intentions for their own life and for the lives of all. Trust that Truth will shine its light and that which must be forgiven because it no longer serves humanity will pass away. Fight to maintain the old ways and much energy will be spent that has no positive effect in the end. We are here to help the Earth move beyond the Illusion. We see no sides. We only seek to assist all who are willing to step beyond what the mind believes and embrace the grand potential for the New Human and a future that the finite mind would discount as impossible. **IN GOD, NOTHING IS IMPOSSIBLE. IN LOVE TRUTH PREVAILS.**

And, so it is, Beloved Masters, take heart and open to that which is now revealing itself to you. If the information that is received speaks of destruction it comes not from Love. Listen with your Soul and be patient. Spirit does not require war to achieve powerful outcomes. Until we meet again, in whatever

manner that may be, in the greatest of Love, We are with you. Adieu!
